To Whom It May Concern:

It is with pleasure and excitement that I lend my support and encouragement to the Louisiana based American Millennium Project (AMP)!

AMP has been in development for nearly 30 years and has today developed into one of the most exciting models for delivering historical and cultural education tourism for the local citizens of the state of Louisiana, and the entire country as well!

Founded by Shreveport native and businessman Chris Chandler, AMP has created "Adventure Tours" across Louisiana that are designed to both entertain and inform our local people, as well as our guests and tourists, about the rich culture and history of each community throughout our wonderful state!

I encourage you to join with our staff, team and department in supporting the American Millennium Project initiative as they continue to showcase our culture and history to people both near and far.

If I can be of assistance to you in any way, please don't hesitate to call.

Sincerely,

Billy Nungesser
Lieutenant Governor
